

**LIVE EVENT FILMING PACKAGES 2011**

**Our Live Event Shoot packages cover everything from panel discussions, seminars and corporate events through to amateur stage productions, theatre performances and fashion shows. We film in High Definition Video with a minimum of two cameras covering the event to capture all the action as it happens.**

Completed edits are provided on DVD, both encoded and data copies, plus uploaded onto YouTube (if required) and our website. Project expenses relate to such items as travel costs, tape stock, DVD stock for post-production and anything else required as extra by the shoot. Edit changes, if not included in the package, are available at additional cost.

To help you fund the project, we offer an instalment payment plan to spread the cost over the life of the project. We can tailor packages to cover different length events - please contact us to discuss having your next event filmed and to receive a quote.

**ADDITIONAL LIVE VIDEO SHOOT OPTIONS**

Please contact us for a quote if you are looking for any of the following ;

- More cameras to cover the event
- Additional camera equipment inc. track & dolly, jib
- Higher-end cameras
- Audio recording & mixing – our sound engineer can take a 16-track audio recording of the event to achieve the best sound quality on the finished product
- Audio / PA equipment hire and sound engineer on site for duration of event
- Digital Stills Photography
- Web streaming
- Marketing / PR
- Web design
- Print & graphic design services
- DVD duplication
- DVD design work
- Different editing options – less editing reduces the overall costs

*\* Please note these prices are based on shoots in London and the South East area – filming further away is possible but may cost more depending on time and distance involved.*
