

## **VIDCAST PACKAGES 2011**

We offer a vidcast filming service that can cover individual or regular events. We can shoot in a live or 'green-screen' environment and provide radio microphones for excellent sound quality.

We film in either DVCAM or HDV or HD and 4:3 or 16:9 ratios as required by the project. We can provide a fast turnaround edit – for two years we filmed a weekly vidcast that has a sameday shoot to delivery schedule – including an online preview of the draft edit.

Shoots can be from a matter of hours to a full day or more. Expenses will cover travel costs, tape stock, DVD stock for post-production and anything else required as extra by the shoot.

To help you fund the project, we offer an installment payment plan to spread the cost over the life of the project. We also offer a 10% discount for weekday shoots.

We tailor packages to cover your individual requirements - please contact us to discuss your project and to receive a quote...
